Yosemite Men

Yosemite is a sleek, high-performing shell jacket designed for those who move seamlessly between city life and outdoor activities.

Made from durable, three-layer Pro Shell material – cleverly combining three layers into one – and recycled polyester, it provides waterproofing, windproofing, and breathability. The refined matte finish and clean silhouette give it a modern, minimalist character, while the fabric's flexibility ensures natural freedom of movement without unnecessary bulk.

Thoughtful details emphasize both functionality and aesthetics: waterproof zippers, discreet ventilation under the arms, an inner pocket, and an adjustable hood and jacket hem for a tailored fit. The whole is completed by fully taped seams and a hydrophobic Bionic Finish® ECO treatment.

- Recycled fabric
- Stretchable three-layer Pro Shell fabric
- Waterproof, windproof, and breathable
- Hydrophobic finish – Bionic Finish® ECO
- Waterproof zippers and fully taped seams
