Yosemite Women

Yosemite is a sleek, high-performance shell jacket designed for those who seamlessly navigate between urban life and outdoor activities.

Made from durable, three-layer Pro Shell material – cleverly combining three layers into one – and recycled polyester, it provides waterproofing, windproofing, and breathability. The sophisticated matte finish and clean silhouette give it a modern, minimalist character, while the fabric's flexibility ensures natural freedom of movement without unnecessary bulk.

Thoughtful details highlight both functionality and aesthetics: waterproof zippers, discreet ventilation under the arms, an internal pocket, and an adjustable hood and hem for a tailored fit. The whole is completed with fully taped seams and a water-repellent Bionic Finish® ECO coating.

- Recycled fabric
- Stretchable three-layer Pro Shell fabric
- Waterproof, windproof, and breathable
- Water-repellent finish – Bionic Finish® ECO
- Waterproof zippers and fully bonded seams
